(S/NF/SG/LIMDIS) Following are the perceived highlights from each source.

- (S/NF/SG/LIMDIS) Source A:

SG1A

-- The target [REDACTED] is a male who is currently in some type of housing structure in a warm climate. This man has recently been around airports or small planes. He helps to carry out illegal operations and is part of a group. He is a somewhat dark individual and wears sandals. He has successfully carried out dealings in his past and is aiming for an operation to be completed by October. He is an anchor in a chain of events to take place by October. This man's signature, so to speak, is necessary when a deal goes down. In other words, he is above some of the newest members in his small group.

- (S/NF/SG/LIMDIS) Source B:

-- No valid information could be perceived on this target.

- (S/NF/SG/LIMDIS) Source C:

-- Target consists of a very large dark colored vessel. Vessel could be a cargo ship. Vessel has some colors to it that are red and blue. Target vessel is "dirty", meaning that there is illegal contraband on board. Illegal contraband is in the form of drugs that are contained in a very large gold chest below deck.

-- Target vessel has been suspected of such activities in the past and is currently being monitored. Target vessel has started its voyage from the east and is sailing west.
